

HASTINGS STREET

PENTICTON STREET

PROPOSED PROJECT SITE

Existing Phone Booth

Existing Utility Pole

Railing and mailboxes block access

Broad Building Setback

Project Site

Located at the southeast corner of Hastings Street at Penticton, the selected site features a broad lawn setback with a strip of planting along the building edge. A phone booth, mailboxes, and a utility pole are located within the site, presenting both challenges and opportunities that are addressed in the proposed site plan.

Site Context

HASTINGS STREET

PENTICTON STREET

PROPOSED PROJECT SITE

Phone Booth with Lighting Feature

Vibrant Edible Landscape

Custom Seating

Stories of Growing and Harvesting Food

Project Vision

Market Share reclaims this grassy corridor, transforming it into a vibrant neighbourhood streetscape that contributes to the social, ecological, and human health of the Hastings Sunrise neighbourhood. Sculptural seating and anecdotes gathered from local residents will be integrated into this dynamic edible landscape. The existing phone booth presents an opportunity to engage the site as a unique stage for communication and storytelling, and will host a custom designed illuminated feature.
